President Ramon Magsaysay, 25 Others Die in Plane Crash; Fear Sabotage

MANILA (AP)—Carlos P. Garcia took the oath of office as president of the Philippines tonight, succeeding President Ramon Magsaysay whose charred body was found today in the smoldering wreckage of his private plane.

Reports of an explosion before the crash of the plane carrying Magsaysay and 25 other persons led government officials to fear the C47 transport carrying the anti-Communist leader might have been sabotaged.

Garcia, the vice president and foreign minister under Magsaysay, rushed here from Australia where

he had attended a meeting of the Southeast Asia Treaty Organization. He went to the Malacanang Palace tonight for the ceremony after visiting Magsaysay's widow.

Today the body of the president was brought down from the jungle-covered mountains of Cebu to Cebu City where 10,000 bare-headed Filipinos stood silently under a blazing sun. Many were in tears.

Two American Marine helicopters brought down the charred bodies of the victims of Sunday's plane crash.

No New Election

The body of the popular president will be flown to Manila Tuesday.

Garcia became president by law the moment Magsaysay's death was announced by the palace, but he could have refused to take the oath of office.

He said before leaving Australia no new election will be held until the regular one scheduled for November.

Magsaysay and at least 25 other persons, including some top government officials, were killed early Sunday when the twin-engine C47 crashed on a mountain in the jungles shortly after taking off from Cebu City for a 400-mile flight to Manila.

Magsaysay's death dealt a serious blow to American policy plans in the Philippines, and political observers predicted a long period of political unrest. He had come to power with strong American backing, and American officials were deeply shocked.

Messages of condolence poured in from throughout the world. President Eisenhower said the anti-Communist leader "will be greatly missed." Magsaysay had planned to visit Mr. Eisenhower this spring.

Fire Dep't Gets Relief From Grass Blazes

Today's rainy weather had given at least a respite to fire department runs to grass blazes.

Saturday, Fire Chief L. G. Martin stated, three such runs were made.

At 12 noon a run was made to 916 South Main, at 2 p. m. to the rear of the Church of God building on South Land street and at 2:30 p. m. to 415 West Robinson. Martin said the first two fires started from burning rubbish, the third from burning leaves.

Nixon Promises Closer U. S. Ties With Italy

ROME (AP)—Vice President Richard M. Nixon promised today there will be "increasing consultation" between the United States and Italy on critical world problems.

Nixon made the statement at a news conference where he renewed his warning that the only colonialism currently threatening the world is "Communist colonialism."

Nixon left Rome this afternoon for Tunis, the last stop on his 21-day tour of central and northern Africa.

Sunday Nixon was received in private audience by Pope Pius XII who expressed praise for the goodwill of President Eisenhower and the American people and prayed to God to give the President "health and comfort in the arduous duties of his office and his unrelenting labors in the cause of world peace."

Nixon was the first such high-ranking American to talk with a Pope since the 1919 visit of President Wilson. He was accompanied by his wife Pat who coincidentally was celebrating her 44th birthday.

Neither Nixon nor his wife is Catholic. With this in mind the Pope told Mrs. Nixon that she might like to give the rosary he presented to her to a friend.

"Oh, no, I shall keep it," she replied.

Nixon was alone with the Pope for 25 minutes during which he delivered a letter from the President.

Nixon said the question of establishing diplomatic relations with the Vatican did not come up during his private talk with the Pope.

Gov. Stratton to Oppose Gas Tax Hike To Bail Out Chicago Transit Authority

SPRINGFIELD (AP)—Gov. William G. Stratton is expected to stand firmly against a flat statewide gas tax increase, which has been proposed to bail out financially the Chicago Transit Authority.

But the governor and Chicago Mayor Richard J. Daley, who meet again late today in their efforts to solve the CTA's money problems and continue Chicago, Aurora and Elgin commuter service, may agree on a plan whereby Cook County could put on an extra 1-cent gas tax to be used for the CTA.

At their last meeting two weeks ago, Stratton and Daley agreed on the need for emergency legislation to aid the hard-pressed CTA. But they did not say what form this legislation would take and that announcement is expected today.

Shooting Rampage by Herman Behn Occurs Just Few Hours Before Wedding

WEST FRANKFORT, Ill. (AP)—A 44-year-old jeweler killed his mother and three daughters Sunday and then committed suicide a few hours before his scheduled wedding.

Herman Behn, a prominent merchant and civic leader went on the shooting rampage shortly before he was to marry Mrs. Meldetta Minton, 34, an employee at his jewelry store.

Police found Behn's mother, Mrs. Minnie Behn, 70, and his daughter, Kay, 10, dead in a double bed. The bodies of the other daughters, Linda, 14, and Shirley, 12, were found in their beds in another room.

Behn was lying on the floor near his mother's bed with a bullet hole in his temple. A .38 caliber revolver lay near him.

Coroner Barney Browning called the deaths murder and suicide. He scheduled an inquest for today at the Union funeral home where the bodies were taken.

He said Behn clubbed his mother and daughters unconscious with a claw hammer before shooting them. Browning and Sheriff Paul Collins said the hammer blows might have been sufficient to kill the mother and daughters.

Telephoned Brother

Behn's brother, William, said he received a telephone call from the bridegroom-to-be early in the morning. He quoted his brother as saying:

"You know, Willie, I was to be married today, but now I won't. I just killed mother and the three girls because I can't stand to leave them."

William told police he thought Herman was joking and asked: "What do you plan to do?"

"I intend to go with them," William quoted his brother as saying. Relatives and Behn's fiancée were at a loss to explain the slayings. Behn was divorced from his first wife.

William notified police immediately after the telephone call. They found Behn's body sprawled across the floor near his mother's bed. The doors to the home were locked and all the window blinds were drawn.

Browning said there appeared to be no family dispute over the impending marriage.

"His mother was proud they were getting married and had no hard feelings," Browning said. The coroner said Mrs. Minton and Behn had been out on a date Saturday night.

Native of West Frankfort

"He said he'd go home and get a good night's sleep and feel fresh for the wedding," Browning quoted Mrs. Minton. "He seemed happy and they'd had no misunderstanding whatever."

Behn was a native of West Frankfort. He was crippled in his right leg as a result of infantile paralysis.

Behn's first wife, June, mother of the slain girls, divorced three years ago, is said by friends and relatives to be in Chicago. They told officials the girls' mother had not been seen in West Frankfort for several years.

Mrs. Behn had resided with her son since the death of her husband.

Behn's business is reported by close friends and relatives as being in a healthy condition. He has

The WASHINGTON MERRY-GO-ROUND

by DREW PEARSON

DREW PEARSON Says:
Ike Administration Probes
Harry Truman's Brother; Ex-
President Tells Off The Inves-
tigator; Meany Says He May
Fire Dave Beck.

WASHINGTON. — The Eisen-
hower administration has been in-
vestigating Harry Truman's brother,
Vivian, it has made the ex-
President of the United States see
red. He cussed out the investiga-
tor to his face in language so
purple it can't be printed here.
The mildest name Mr. Truman
called the agent from Washington
was "anthrax."

Behind the investigation was an
old Missouri feud waged by ex-
congressman Jeff Hillelson of Kan-
sas City against the ex-President,
the ex-President's kin, and anyone
associated with the name of Tru-
man.

Hillelson is a Republican who
was elected to Congress in the 1952
GOP landslide on the plea that he
was a poor but honest grocery
clerk, though actually he was
married to the Goetz brewing for-
tune. After serving an unspec-
tacular one term in Congress dur-
ing which he distinguished himself
chiefly by taking a junket to west-
ern Europe, he was retired by the
voters, and since then has been
looking for a federal job. Partic-
ularly he has had his eye on the
job held by June Holloway, life-
long friend of Truman, as Kansas
City manager of the General Ser-
vices Administration.

Hillelson has now won his bat-
tle and Holloway is being trans-
ferred to Seattle. However, it
took him a long time, plus an in-
vestigation of Truman's brother to
win.

HARRY TRUMAN EXPLODES

Throughout his congressional
term, Hillelson kept up a steady
bombardment against Holloway.
As fast as one charge was investi-
gated and disproved, Hillelson
would fire another. After several
investigations had failed, he called
on then-GSA Administrator Ed
Mansure and insisted: "There
must be some skulduggery in that
region."

To placate him, Mansure let
Hillelson search the government
files himself for political dirt.
The congressman picked out 30
cases that looked suspicious to
him, including one that involved
Vivian Truman in alleged influ-
ence peddling.

Each case was thoroughly in-
vestigated by the Eisenhower ad-
ministration, which sent a special
investigator to Kansas City to run
down every possible lead. After
the investigator questioned Vivian
Truman, Harry hit the roof.

He summoned the agent to his
Kansas City office. Out of respect
for the ex-President, the man
showed up and was greeted at the
door with a verbal blast in the
fiery Truman tradition. The ex-
pletives flew so fast that the in-
vestigator could only stutter.

In the end, the allegations
proved to be false. Both June
Holloway and Vivian Truman were
completely cleared. Holloway
was kept on the job, and Hillel-
son was defeated for re-election.

Mansure suspected that Hillelson
had anticipated his defeat and
that all he really wanted was Hol-
loway's job. However, Mansure,
who followed the merit system in
protecting public servants, has
now been replaced by Franklin
Floete who agreed in advance to
hire all the loyal Republicans he
could find room for in the big,
sprawling General Services Ad-
ministration.

As a Civil Service employee,
Holloway couldn't be fired with-
out cause. So he will be trans-
ferred away from his home, Kan-

sas City to Seattle, in the hope
that he will quit. This will leave
the Kansas City open finally to
Hillelson.

WASHINGTON PIPELINE

AFL-CIO Boss George Meany
has promised senators that he will
expel the Teamsters from the na-
tional labor organization if the evi-
dence before the Senate calls for
it. He has already taken steps
to suspend three small unions, he
said, and he intends to treat big
and little unions alike. . . . Some
senators had feared that the at-
tack on Teamsters' chief Dave
Beck would pave the way for No. 2
man, Jimmy Hoffa, to take over
the union. That fear has now been
dispelled. Arkansas' stern Sen.
John McClellan, who is running the
labor racketeering investigation,
was invited to the opening of the
plus, \$15,000,000 Sheraton hotel
in Philadelphia. By the time he
arrived, the hotel was jammed
full. The Sheraton management
offered to put McClellan up in
another hotel, but he walked out
in a huff and caught the next train
back to Washington. The Sheraton
paid the travel expenses of all
guests invited to the opening —
except members of Congress. The
management didn't want to be ac-
cused of "bribing" Congress. . . .
Stripper Gypsy Rose Lee brought
her favorite cat and its three kit-
tens to the Sheraton opening. She
left early because the cat had a
sick spell. . . . Secretary of State
Dulles seems to have recovered
from his operation, but his wife
has been slipping off for unan-
nounced visits to the Army's Wal-
ter Reed hospital.

POWER OF THE CHAIRMAN

The power of the congressman
who presides over a congressional
hearing is one not altogether ap-
preciated by the public. The other
day, Democratic congressmen

gressman Mike Kirwan. The day
before the breakfast, Kirwan ran
into California's congressman

Easter Seals to Aid Crippled Children Sent Out to 150,000

Flower-bedecked Easter Seals—to give a crippled child a chance—went out to more than 150,000 southern Illinoisans on March 15, as the Southern Illinois Association for the Crippled, Inc., took the first step in launching the greatest campaign in its 24-year history.

The campaign, which officially opened March 15 and continues through Easter Sunday, April 21, provides an annual opportunity for residents in the 33 southernmost counties of Illinois and across the nation to contribute financial assistance for crippled children's services, according to Representative Clyde L. Choate, president of the local society.

Choate said: "Funds contributed in southern Illinois will support and maintain the popular residential summer camping program for crippled children, three speech and hearing and related services treatment centers, case finding, parent counseling, public education, and research."

Approximately 90 per cent of the funds raised during the annual Easter Seal campaign finances services within the southern Illinois area. The remainder goes to help support a national program of service, education and research. Local county representatives of the society are Russell Malan, board member, and George O. Davenport, treasurer.

Three Missing Boy Scouts Found After All-Night Search in Smokies

GATLINBURG, Tenn. — Three Boy Scouts, missing since late Sunday in the picturesque Great Smoky Mountains, were found safe but shivering and cold today.

Rangers of the Great Smoky Mountain National Park found the boys huddled beneath a shed outside a small lodge a top towering Mt. Leconte, one of the nation's

most picturesque natural sights. Victor Thorne, 13; Jimmy Grubbs, 12, and Mike Harmon, 11, members of Greeneville, Tenn., Scout Troop 94, wandered off the Appalachian trail Sunday while hiking with fellow scouts. An all-night search failed to turn them up and by dawn a force of 75 men, using walkie-talkie radio, was scouring the fog-shrouded peaks.

Chief Ranger C. E. Johnson announced at 7:45 a. m. that the boys were found atop Mt. Leconte on the Tennessee side of the Smokies. The boys had followed a trail up the mountain and apparently too weary to move a step further, collapsed and went to sleep outside a small lodge which had been constructed for travelers on the mountain top.

Johnson said the boys apparently could have gone into the lodge to escape the weather, which went into the 20s during the night. They must have been just too tired.

He said they were rather thinly clad in blue jeans but apparently came out of the experience without harm.

The boys, joined by overjoyed parents, were taken home to Greenville for food and rest.

THE STORY: After Chad Morgan breaks up a gang of cowboys which has been shooting up Pawnee City, the ranch owner offers to pay Joe Jagger for the damage. Jagger settles for half of an estimated amount of \$200.

XVII
Joe Jagger appeared. He was frowning when he came in and the frown did not leave his face as he approached the group at the rear of the store.

Jagger focused his eyes on Morgan. "I just had a visit from Pete Mossman. He's paid for the damage his men did." He took a sheaf of greenbacks from his pocket. "Two hundred dollars, but a hundred went to Andy Pillsbury for the whiskey and mirror."

"A hundred dollars wouldn't pay for the damage to my store," said Harlow Tarbox.

"You won't get a hundred," snapped Jagger. "It was decent of Mossman paying anything. You've got to expect a certain amount of what happened yesterday."

"Why, Mr. Jagger?" asked Fesler.

Jagger glowered at the newspaperman. "I thought we talked this over yesterday."

"We didn't discuss it," retorted Fesler. "You told me your views, but you didn't ask for mine, or let me tell them." He suddenly extended the newspaper proof to Jagger.

Jagger took the newspaper. Then he read for a moment. "You're not figuring to print this?"

"It goes on the press in an hour," Jagger had himself under momentary control. He looked around the group. "All right," he said, "you called me here for a reason. Spill it."

The fiery newspaperman nodded, accepting the assignment. "A group of businessmen in this town have decided that we need law and order in Pawnee City."

"Who?" said Jagger. "Who, besides you three?"

"John Thompson, Oliver Wakeman—others."

"Andy Pillsbury? Did you talk to him?"

"Mr. Pillsbury runs a saloon," said Tarbox.

"I own a saloon," said Jagger. He suddenly pointed an index finger at Chad Morgan. "You haven't said a word, Chad."

"I got in only a few minutes before you did," replied Morgan.

"I'll tell them, then," Jagger drew a deep breath and ex

Teddy Nadler Runs TV Quiz Earnings To \$108,000

NEW YORK (AP)—Teddy Nadler, an Army stock clerk, ran his television quiz show earnings to \$108,000 Sunday night on "The \$64,000 Challenge" (CBS) by answering questions on the Civil War and geography.

Nadler, who has won \$88,000 in previous appearances on the program, tied two contestants for \$20,000.

The \$70-a-week civilian employee at the Army's Quartermaster Depot in St. Louis, tied Dr. Austin Ranney of the University of Illinois for \$16,000 in the Civil War category.

The \$4,000 geography question required Nadler and Mrs. Lowell Thomas Jr., Princeton, N. J., daughter-in-law of the news commentator, to name the six countries, other than Canada and Alaska, that extend into or touch the Arctic Circle.

The correct answer is Greenland, Finland, Iceland, Norway, Sweden and the U.S.S.R.

Nadler will return next week to compete with Ranney at the \$32,000 level and Mrs. Thomas at the \$8,000 level.

Hold Hearing On Korean Bonus

SPRINGFIELD (UP)—The Senate Military Affairs Committee today set a hearing on a 75 million dollar bonus plan for Korean War veterans.

The bonus plan, to be paid for with bonds financed by a one cent increase in the cigarette tax, would pay \$10 a month for each month served in the armed forces between June 27, 1950 and July 27, 1953.

In addition, holders of the Korean Service Medal would get a flat \$100 payment, and \$1,000 would be paid to beneficiaries of an estimated 3,000 Illinoisans who died in service during the Korean War period.

The bonus plan is expected to

pass through the Legislature with little opposition and Gov. William G. Straton's office has indicated he would be inclined to approve a bonus this year, although he vetoed one in 1955.

The 1955 plan would have cost 150 million dollars, twice as much as the new plan.

Give Probers Authority to Study Returns

WASHINGTON (UP)—President Eisenhower today armed the Senate Rackets Committee with authority to examine income and other tax returns of Teamsters President Dave Beck and others it is investigating.

The authorization did not specifically name Beck or anyone else.

But it did give the special committee broad power to look into the tax returns of anyone it is investigating. Besides Beck, this could include Mayor Terry D. Schunk of Portland, Ore., Dist. Atty. William M. Langley of Multnomah County (Portland) and many others.

Senate investigators are looking into the personal finances of Beck and other Teamsters officials.

Schuck has been accused of, but has denied, taking a \$500 bribe. Langley invoked the Fifth Amendment when asked if he took pay-offs from gamblers.

The authorization, covering returns since 1945, was granted by the President under regulations governing the inspection of returns by congressional committees.

The Senate investigators indicated that they have much more information about Beck's "loans" from Teamster funds than Beck disclosed on television.

Beck, president of the 1.5 million member Teamsters Union, said on a TV program (CBS "Face The Nation") Sunday he borrowed \$300,000 to \$400,000 from the Teamsters' Western Conference over the past 10 years without paying interest.

The fast-talking chief of the nation's biggest union declared he had paid all the money back and added loudly, "I have done nothing wrong."

14 Illinois Highway Deaths

By United Press

A car-train wreck that killed a Mackinac couple and their two children helped boost the Illinois weekend traffic fatality toll to one of the highest marks in recent weeks.

At least 14 persons were killed on state highways from 6 p. m. Friday to midnight Sunday.

The worst single tragedy occurred Saturday when Don Hoffman, 35, his wife, Donna, 32, and their children, Linda, 10, and John, 6, were killed when their car was struck by a New York Central train at a crossing near Mackinac.

Three-Year-Old Twin Boys Drown

MERRILL, Wis. (UP)—The Wisconsin River claimed the lives of 3-year-old twin brothers who fell through the ice Sunday and drowned.

The victims, Timothy and Thomas Scott, were twin sons of Mr. and Mrs. George Scott.

A search was started soon after they were reported missing from their home in the morning. Their tricycles were discovered near the river, and two holes were in the ice. Firemen recovered the bodies.

Democrats to Select Delegates to Judicial Convention Tonight

Saline county Democrats will meet at the court house in Harrisburg today at 7:30 p. m. to select delegates to the convention to nominate candidates for circuit judge.

The nominating convention to select the Democratic candidates for circuit judge will be held Saturday, March 23, at Vienna, starting at 2 p. m.

Steve Mitchell, Saline County Democratic chairman, stated today all Democrats were invited to attend the meeting this evening at the court house and a big turnout is desired.

Israeli Envoy Confers with Dulles on Crisis

WASHINGTON (UP)—Israeli Foreign Minister Golda Meir conferred with Secretary of State John Foster Dulles today on the renewed Gaza Strip crisis.

Mrs. Meir wanted to question Dulles about what the United States intends to do, in the light of the latest developments, to help prevent the Gaza Strip from once again becoming a base for Egyptian commando raids against Israel.

Israel is concerned over Egypt's takeover of civil and police powers in Gaza and over Egyptian threats to again station military forces in the strip.

Dulles returned to Washington Sunday from Australia where he had attended a meeting of the South Atlantic Treaty Organization. Mrs. Meir arrived almost simultaneously, but they did not confer until today.

Young Couple and Infant Son Killed By Speeding Auto

MIAMI, Fla. (UP)—A car traveling about 70 miles per hour despite having "no brakes whatsoever" swerved from a highway south of here Sunday night and struck and killed a young couple and their infant son.

The dead were Tommy David Ashley, 22, a packing house laborer, his wife Jane, 18, and their 10-month-old son David.

State highway patrolmen within 15 minutes after the incident captured Eddie Floyd Brewer, 27-year-old farm laborer listed as driver of the car, and his companion, William H. Mason, 28, who had fled the scene together on foot.

They were held on manslaughter charges. Both men had been drinking, patrolmen said.

Chrysler Refuses Comment on Report It Will Buy AMC

DETROIT (UP)—Chrysler Corp. officials refused to comment Sunday night on reports that their firm might purchase American Motors Corporation's automotive assets.

A Chrysler spokesman said his firm had no comment to make on the reports. He said any information on the subject would have to come from AMC President George Romney.

Proposes Cook County Send Fewer To Prison Farm

CHICAGO (UP)—The Cook County State's Attorney's office is recommending that fewer persons be sent to the state farm at Vandalia because of overcrowding there.

Frank Ferlic, first assistant state's attorney, said Sunday judges are being urged to send more persons convicted of misdemeanors to county jail. He said it is part of a plan to "ease up a little on Vandalia."

Authorities had been sending Cook County prisoners to Vandalia to relieve overcrowding at the county jail.

Elgin Tangles With Bloom as Play Opens Tuesday

By United Press

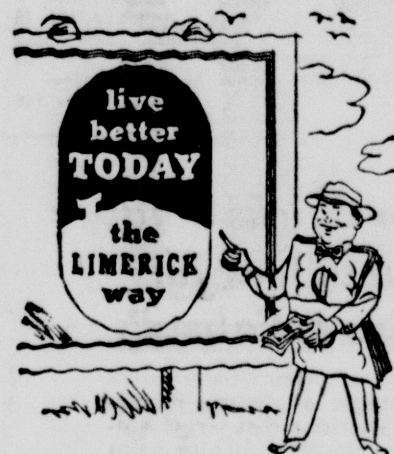

Only two repeaters from 1956—Galesburg and Chicago Heights Bloom—were included today in the "Sweet Sixteen" prep basketball teams moving into supersectional play Tuesday.

Galesburg lost a 66-64 heart-breaker in the supersectional round last year to Rockford West, which went on to its second straight title.

Bloom dropped a 62-57 decision to Oak Park in last year's super-sectionals.

Six of the 16 teams still in the running for this year's glory are former state champions—Galesburg, Elgin, Freeport, Mount Vernon, Springfield and Champaign.

Elgin appeared to have the toughest road immediately ahead as the tournament moved into the do-or-die stage.

Ranked second in the state on a 26-0 record Elgin tangles Tuesday with Bloom in the Hinsdale supersectional. Bloom, which held down sixth spot in the ratings through most of the season, owns a sparkling 27-1 record.

Collinsville Is Favorite

Even if and when Elgin gets by Bloom, the outlook is rugged because the Maroons' first round foe at Champaign would be the winner of the Herrin Mount Vernon clash in the West Frankfort supersectional.

Herrin is a big favorite to win that game, and on past performance, particularly Friday night against Pinckneyville, the Tigers will mean trouble for any team.

Herrin was ranked fifth in the state and has a 27-2 record, including its smashing 76-47 defeat of Pinckneyville in the sectionals.

Top-ranked Collinsville, with a 31-0 record and its twin scoring titans, Terry Bethel and Tom Jackson, collide with Charleston in the Salem supersectional and is rated a heavy favorite.

If it wins as expected at Salem, Collinsville would go into the first round at Champaign Friday against the winner of the Galesburg-Freeport battle in the Moline supersectional.

Pekin's Classy Record

Galesburg, which pulled off a

major upset by using slowdown tactics to upend Rock Island, 23-21, in the sectionals, is favored to oust Freeport's Pretzels, who are 14-10 for the season.

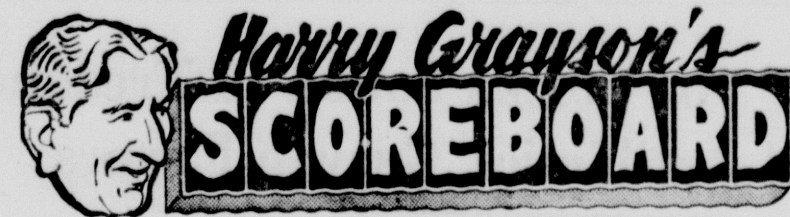

Pekin, which ousted always-strong Peoria Central in the sectionals, goes against Ottawa in the Peoria supersectional. The Chinks have compiled a classy 24-4 record in the rugged Peoria area competition, while Ottawa is 26-5.

The Peoria supersectional winner will play the winner of the Decatur supersectional battle between Champaign and Maroa in the first round at Champaign.

Both Champaign and Maroa had close calls in the sectionals. Champaign beating out Rantoul in the final second and Maroa rallying to come from behind and overcome Warrensburg-Latham.

Springfield (19-11) and Quincy Notre Dame (27-2) meet in the Springfield supersectional, and Evanston (20-3) and Chicago Crane (23-4) meet in the Evanston supersectional.

The winners of these two supersectionals will collide in the first round at Champaign.

Can the New Cards Match Up?

ST. PETERSBURG, Fla. (NEA)—It seems strange to put this down, but the Cardinals have not won a pennant in 11 years.

This was the club which used to win in clusters. But the records show last year to be the first time in three years that the Red Birds were able to get out of the second division.

And Frank Lane's multiple deals haven't exactly checked the report that "the Cardinals aren't getting the good kids any more."

So, you ask the man who should know most about it, Joe Mathes, who sits behind home plate at palm-lined Al Lang Field. Mathes, long time minor league player and manager, has been the St. Louis club's scout for 31 years.

"Like most other clubs," Joe began, "we suffered a recession in incoming talent immediately after World War II. A lot of young fellows quit baseball rather than start learning the trade in the lower minors. Especially after four or five years of military service."

"BUT LATELY WE'VE LANDED our share of the brighter prospects. This present group has as much quality as any I can recall."

"How can anyone say that a chain has been unproductive when it turns up a Wally Moon in 1954, a Ken Boyer in '55 and a Don Blasingame, a pitcher like Lynn McDaniels and a Hal Smith to catch in '56?"

"Right now we have three young shortstops who eventually will play major league ball. Dick Schofield, the bonus player, hits and does everything else well. The other two are Eddie Kasko and Reuben Amaro. Kasko was rated the best shortstop in the International League. He batted .303. Amaro, Mexican Negro, jumped from Class C to be the regular shortstop for the Houston AA Texas League club. He's only 21."

The Cardinals are badly in need of a center fielder, so Fred Hutchinson is going to take a lingering look at 23-year-old Bobby Gene Smith. This well set-up apple picker from Hood River, Ore., drove in 141 runs winning the California League batting championship with .370 in 1955, and still hit .299 when moved up to AA Houston last trip.

"The ball sings off his bat," testifies Mathes, "and he is a solid defensive outfielder with fine speed and a strong arm."

MATHES POINTS to the superior prospects, first baseman Joe Cunningham, outfielders Mel Nelson and Harry Keister and pitchers Bob Blaylock, Tom Cheney, Marty Kutya, Bob Mabe, Lloyd Merritt, Bob Smith, Ted Wieand and Tommy Hughes.

But take a closer look at the Cardinals and it isn't this glossy. Throw out the pitchers, who must develop, and maybe the shortstops, and there really isn't much.

Smith looks awkward in center, but they say he isn't, and add that all the Oregon Special requires is confidence.

Mathes three years ago paid \$100,000 each for Tom Alston, stringbean first baseman, and Memo Luna, who turned out to be a softball pitcher. Alston batted .306 for Omaha last trip, but Cardinal coaches say the North Carolina Skyscraper is still "jazzy with the bat. He pushes the ball instead of breaking his wrists."

Harry Walker, who manages Houston, insists that Cunningham eventually will be the first baseman the Cards need. This Saddle River Township, N. J., resident appears to have recovered from a tremendous letdown. As a 22-

Cooper Wins St. Petersburg Open Golf Tourney

ST. PETERSBURG, Fla. (AP)—Pete Cooper, the little links veteran from Lakeland, Fla., would like to add one more feature to the "no practice" program that has brought him two victories in the St. Petersburg Open golf tournament.

"If I had enough money, I would buy this course," he explained with a wide grin after winning a last-round race with Jackie Burke Jr.

Cooper, who won the 1949 event here by entering it without any practice, did the same thing Sunday by touring the final circuit in a six-under-par 65 for a 72-hole total of 269. That was only three strokes over the course record.

It was four strokes better than Burke, the 1956 Masters champion from Kiamiesha Lake, N. Y., who took a 69 on the final round after being tied for the lead with Cooper.

Art Wall Jr. of Pocono Manor, Pa., and Don January of Abilene, Tex., tied for third at 275, each with a final-round 69, and Cary Middlecoff of Memphis, Tenn., was fifth at 277.

Lakers Set New Records in 131-127 Win Over Pistons

By United Press

The National Basketball Association has staged only two of its 1957 playoff games, but it already has seven new post-season records.

The Minneapolis Lakers opened the Western Division playoffs Sunday with a 131-127 victory over the Fort Wayne Pistons.

When the firing ceased at Minneapolis, the Lakers had set single-game playoff marks for most field goals, 53; most first-quarter points, 41; most first-half points, 70; and most points for three quarters, 107. The game also produced two-team playoff game records of most first half points, 139; most points for three quarters, 204; and most points for a game, 258. The combined point-total of 73 points for the first quarter tied a playoff standard.

Clyde Lovellette led the winners with 30 points and George Yard-

Shantz, Mantle Star as Yanks Beat Reds, 9-0

By United Press

Bobby Shantz, Don Zimmer and Carl Erskine, three scrappy little baseball players who don't include "quit" in their vocabularies, posted sparkling performances today in their drives to make good in 1957.

The 138-pound Shantz refuses to admit he can't hit the top again although arm trouble has shackled him since he won the American League's "most valuable player" award by compiling a 24-7 record in 1952. And he may be right.

The little left-hander produced bad news for New York's 1957 rivals Sunday when he held the hard-hitting Cincinnati Redlegs runless while giving them six hits in five innings. Mickey Mantle's two homers plus a homer, triple, double and single by Andy Carey, helped the Yanks win, 9-0.

Zimmer Nearly Beamed

Zimmer, the Brooklyn Dodger infielder who is battling for a regular job, had to flop to avoid a wild inside pitch by Jim Bunning of the Detroit Tigers Sunday. On the next pitch, Zimmer hit a three-run homer that gave Brooklyn a 3-2 victory.

Sounds just what you'd expect a major leaguer to do, doesn't it?

But Zimmer has three times been injured seriously by pitched balls. His playing career almost was ended in 1953 when his skull was fractured by a pitch.

Like Shantz, Erskine has been hampered by arm trouble for the past couple of years but he keeps working at his job and gave himself and the Dodgers something to smile about Sunday by shutting out Detroit while pitching the first three innings.

Freese Saves Day

The Pittsburgh Pirates scored their seventh victory in nine exhibitions by defeating the Athletics, 2-1. Gene Freese, an infielder, played the outfield for the first time and robbed three Kansas City batters of hits with outstanding catches.

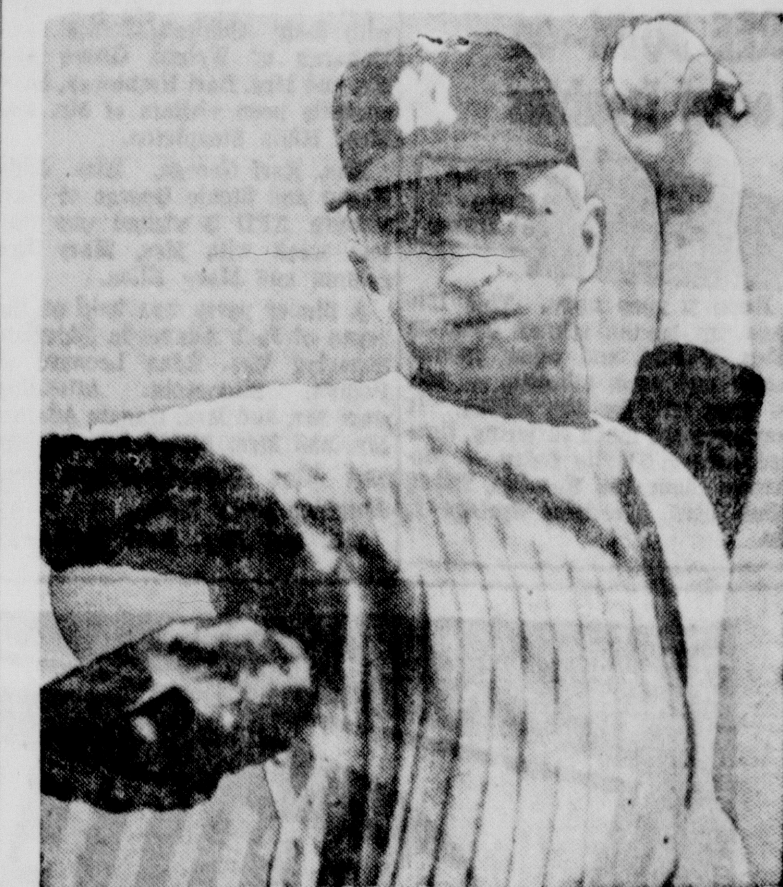

The Chicago White Sox hammered Vinegar Bend Mizell in the first four innings and Jim Davis in the last two to round out a 12-3 triumph over the St. Louis Cardinals.

Jim Hearn, Jack Sanford and Gene Snyder gave only five hits while pitching the Philadelphia Phillies to a 4-1 victory over the Boston Red Sox and homers by Jim Lemon and Jerry Schoonmaker helped the Washington Senators defeat the Milwaukee Braves, 5-3. A pinch-hit double by Gail Harris with the bases filled gave the New York Giants a 9-6 triumph over the Cleveland Indians and the Baltimore Orioles collected 15 hits while whipping the Chicago Cubs, 11-5.

ley led the Pistons with 34. But Charley Menzel, who scored only five, clinched the Minneapolis victory with a lay-up in the final seconds.

The first round the Eastern Division playoffs began Saturday night with the Syracuse Nationals scoring a 103-96 victory over the Warriors at Philadelphia. The second of this three-game set will be played tonight at Syracuse.

DIFFERENT FEELING—Now that he has Yankee flannels on, Bobby Shantz puts that much more into his pitching. The left-hander obtained from Kansas City is strictly bear-down, as he shows here, these days at St. Petersburg, Fla., training grounds of the World Champions.

Kansas Vs. San Francisco; North Carolina Vs. Spartans in NCAA

By United Press

Former champ Kansas, with two impressive victories already and a "home court" edge in the showdown games coming up, was rapidly gaining backing today as the "hot" team of the NCAA basketball tournament as it awaited the arrival of the three regional winners.

The Jayhawks, titlists in 1952, will meet defending champion San Francisco for the western NCAA crown Friday night when North Carolina, the nation's No. 1 team which set a new record of 30 straight victories, plays Michigan State for the eastern crown.

Both games, and Saturday's national finale, will be played at Kansas City's Municipal Auditorium—where Kansas is considered the "home team" and where four of the five Jayhawk starters have played since high-school days.

But, more than that, Kansas has so far been more impressive than record-breaking North Carolina, which seems to play only well enough to win each time. Wilt Chamberlain and Co. added an 81-61 rout of Oklahoma City on Saturday night to a 73-65 overtime win over fourth-ranked SMU the night before. North Carolina, a 67-58 winner over Syracuse Saturday, has yet to "leave an opponent for dead."

San Francisco, which gets its shot at Kansas by virtue of a 50-46 win over California in the Corvallis, Ore., regional, is shooting for a record third straight NCAA championship and conceding nothing to anybody.

Two free throws apiece by Al Dunbar and Mike Farmer in the last two minutes carried the Dons to their big win over California. Farmer, six-seven undoubtedly will

be asked to carry the main load of "stopping Chamberlain" Friday night.

Chamberlain had 30 points and 15 rebounds against Oklahoma City; a total of 66 points in two games.

Coach Forddy Anderson of Michigan State believes his "wonderfully unpredictable" Big Ten champs have a good chance to beat North Carolina because "I feel we are just as good as the next team." Jack Quigg's 22 points for the Spartans against Kentucky included two three-point plays in the last two minutes to cement the decision. State's hard-driving style is figured either to break up North Carolina's defense or to draw many fouls.

"Power-Start" For Chicks Found In Treatment Levels Of Antibiotics, Growth Factors

"Penny-A-Chick" Cost Buys Gains That May Last Months

Originators of "100% Guaranteed Livability" Present New Advance!

A new "pre-start" idea for new flocks is so powerful it seems to overcome the strain (stress) of the first week and

give early gains that will show up all through the bird's life, say nutritional scientists working with Staley Milling Company.

The Staley Milling Company already offers a

Staley "100% Livability" Guarantee Broadened

Now Includes Chicks Started On Other Feeds -- "Chick Spicer" Atoms Provide Basis for New Offer

Staley Milling Company now makes this offer to feeders who got started on other feeds, but want to get under the Staley "100% Livability" Guarantee:

"Any feeder, who started on another feed, can switch his chicks, any time before the end of the flock's first three weeks, to Staley 'Chick Spicer' Atoms. If the chicks are fed 'Chick Spicer' Atoms, at the rate of 25 lbs. per 100 birds, and then started on the regular Staley Chick Atoms program, we will then guarantee the living birds switched to the Staley 'Chick Spicer' program as though they had been started the Staley way."

The printed guarantees covering this "Fresh Start" plan for 100% livability are now available at all Staley dealers.

Many hatcheries providing fine chicks like these specially recommend starting their chicks for the first 10 days on Staley "Chick Spicer" Atoms.

25-lb. Bag \$2.25
Substitute for Staley Chick Atoms And Feed Straight. Contains Treatment Levels of Antibiotics, Vitamins, Growth Factors.
FEED ONLY 25 LBS. PER 100 CHICKS
1/4 lb. per chick costs less than 14 per chick more

money-back guarantee of 100% livability for chicks fed as directed on Staley Chick Atoms and Grower Atoms.

The new "Chick Spicer" Atoms are built up to be even more effective than the regular Chick Atoms, which also carry the guarantee.

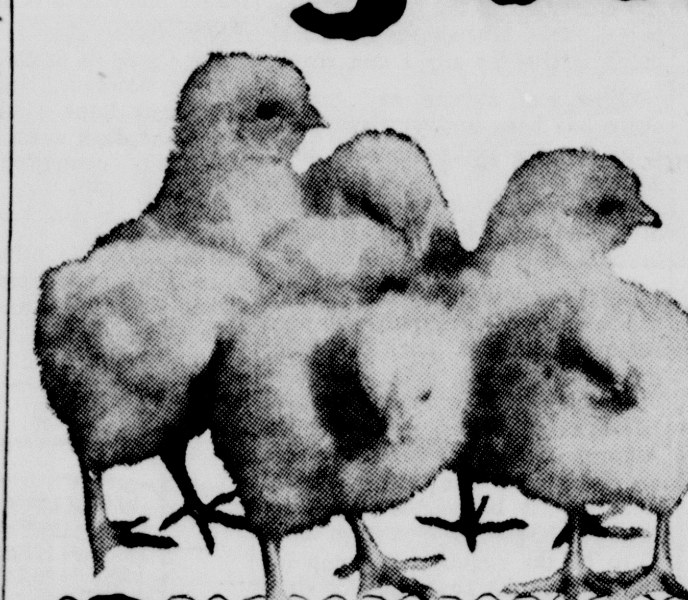

In the belief of some nutritionists, a "pre-starter" feed like this can benefit

the birds in quick growth, feed utilization, stamina and resistance to disease that may be felt even after the pullets have become laying hens.

In any case, the tiny extra cost of "Chick Spicer" Atoms (1 cent per bird) is so small that many feeders have expressed the intention of testing this pre-feeding idea this Spring.

Now Ready To Protect Thousands of NEW Flocks!

staley's 100% livability guarantee

For the third year in a row Staley says: "We guarantee 100% Livability! -- for chicks fed by the Staley Chick Atoms System. If you lose any Staley-fed chicks -- one chick or the whole flock -- to disease or nutritional causes, we'll refund you the full hatchery price for every chick lost under the terms of the printed guarantee."

We know we can't lose making this guarantee. The experience of the last two years proves beyond a doubt that Staley Chick Atoms and Grower Atoms do protect livability, vigor, stamina and disease resistance, to incredibly high levels.

YOU can't lose, either, by feeding this way! So join the new throng of smart feeders who are protecting their flock investment and their profits.
